

MUBEEN SUHANA

BCA STUDENT | SOFTWARE & TECHNOLOGY ENTHUSIAST

Karnataka, India
mubeensuhana10@gmail.com
linkedin.com/in/mubeen-suhana-648614337

PROFESSIONAL PROFILE

Motivated Bachelor of Computer Applications (BCA) student with a growing foundation in programming, databases, web technologies and computer systems. Strong interest in software and technology, with enthusiasm for exploring new tools and technical concepts. A quick learner who values curiosity, adaptability, clear communication and continuous professional development.

EDUCATION

Bachelor of Computer Applications (BCA) — Shree Maatha Degree College, Hospet
Vijayanagara Sri Krishnadevaraya University (VSKUB), Ballari | 2024 – Present
Academic highlight: 9.3 SGPA

2nd PUC (Commerce with Computer Science) — Vignan Independent PU College, Hospet | 2023 | **91%**
SSLC — Shikshayatan English Medium Higher Primary School | 2021 | **83.3%**

TECHNICAL KNOWLEDGE & COURSEWORK

Programming languages: C, C++, Java, Python
Web technologies: HTML, CSS, JavaScript
Database concepts: DBMS, SQL, relational database fundamentals
Computer science subjects: Data Structures, Object-Oriented Programming, Operating Systems, Discrete Mathematical Structures, Digital Logic
Additional coursework: Python Data Analytics, Computer Graphics with OpenGL, Shell Scripting

TOOLS & TECHNOLOGIES EXPLORED

Visual Studio Code, Git, GitHub, SQLite concepts, Linux fundamentals and Python development environment. Knowledge is based on academic study and personal exploration; practical experience is continuing to develop.

CAREER INTERESTS

Interested in software and technology roles, with a particular curiosity about DevOps, IT operations and cloud computing. Motivated to learn Linux, version control, cloud fundamentals, containers and CI/CD workflows through structured learning and practical exercises.

SKILLS, STRENGTHS & DEVELOPMENT

A practical learner with a blend of technical curiosity and creative thinking.

CORE STRENGTHS

- **Quick learner:** Enjoys understanding new concepts and adapting to unfamiliar tools and technologies.
- **Curiosity:** Actively interested in exploring software, digital tools and technical fields.
- **Problem-solving mindset:** Approaches challenges logically and works toward clear solutions.
- **Adaptability:** Open to feedback, new ideas and changing requirements.
- **Consistency:** Values steady effort, discipline and continuous improvement.
- **Attention to detail:** Cares about accuracy, clarity and quality in completed work.
- **Communication & collaboration:** Values respectful communication, teamwork and knowledge sharing.

CREATIVE INTEREST

Art and craft — an outlet for imagination, creative expression and attention to detail.

PROFESSIONAL LEARNING MINDSET

Eager to keep learning, strengthen technical foundations and build practical experience. Interested in understanding how software is developed, how systems operate and how technology can be used to solve real-world problems.

LANGUAGES

English · Hindi · Kannada

ACADEMIC SUBJECTS STUDIED ACROSS BCA

C Programming, Digital Logic, Data Structures using C, Object-Oriented Programming with C++, Discrete Mathematical Structures, Java Programming, Database Management Systems, Web Design, Python Programming, Computer Graphics with OpenGL, Operating Systems, Data Analytics using Python and Shell Scripting.
